ASSEMBLY STEPS

GREAT JOB. YOU'RE DONE!

To move the furniture, lift it up and do not drag it to prevent damage to both the furniture and your floor.

Our sofa can hold a weight of 120 kg per seater. We don't suggest overloading its weight capacity.

CARE INSTRUCTION

Follow these basic steps to protect your furniture.

Clean Gently

Use a mild fabric cleaner or a solution of water and mild detergent. Dampen a soft cloth and gently blot the stain. Do not rub to avoid fabric damage. After cleaning, allow the fabric to air dry but not direct heat dry to avoid fabric shrinkage or damage.

Temperature and Humidity

Avoid direct sunlight. Maintain a consistent room temperature and humidity level to prevent discolouration.

Use Furniture Pads

We recommend placing felt pad protectors under furniture legs to prevent scratches on the floors.

Avoid Excessive Weight

Don't overload the bench beyond its weight capacity.

Again, we thank you for your purchase.
You've made our day, and we hope you have a great one too!
Enjoy your furniture!
